Minnan-Wong and Caplan Effectively Tied

Toronto, October 16th – In a random sampling of public opinion taken by The Forum Poll™ among 410 Don Valley East voters, amongst those decided and leaning, about 4 in 10 (39%) say they will support incumbent Denzil Minnan-Wong, while a third (35%) say they will support former MPP David Caplan.

Few say they will support Michael Woulfe (5%), Stephen Ksiazek (5%), Diane Gadoutsis (3%) or Aria Alavi (3%).

About 1 in 10 (10%) say they will support another candidate.

Tory has a decided edge in Don Valley East

Tory's support (62%) is three times higher than Keesmaat (19%) in Don Valley East.

About one fifth (19%) of Don Valley East voters say they are supporting one of the other candidates.

"Minnan-Wong and Caplan are deadlocked, and see results that are effectively equal," said Dr. Lorne Bozinoff, President of Forum Research. "While Caplan isn't an incumbent, his name recognition in Don Valley East is clearly a factor with voters, though at this point it's difficult to say which candidate will prevail."

Methodology

The Forum Poll™ was conducted by Forum Research with the results based on an interactive voice response telephone survey of 410 randomly selected Don Valley East voters. The poll was conducted on October 12th – 14th, 2018.

Results based on the total sample are considered accurate +/- 5%, 19 times out of 20. Subsample results will be less accurate. Margins of error for subsample (such as age, gender) results are available at www.forumresearch.com/samplestim.asp

Where appropriate, the data has been statistically weighted by age, region, and other variables to ensure that the sample reflects the actual population according to the latest Census data.

This research is not necessarily predictive of future outcomes, but rather, captures opinion at one point in time. Actual results depend on a Candidate's ability to get their voters out. Forum Research conducted this poll as a public service and to demonstrate our survey research capabilities. Forum houses its poll results in the Data Library of the Department of Political Science at the University of Toronto.

With offices across Canada and around the world, 100% Canadian-owned Forum Research is one of the country's leading survey research firms. This Forum Poll™ and other polls may be found at Forum's poll archive at forumpoll.com.
