CAQ has Majority Vote

Toronto, June 14th, 2019 – In a random sampling of public opinion taken by The Forum Poll™ among 1471 Quebec voters 18 or older, nearly half (46%) say they would vote for Coalition Avenir Quebec (CAQ) if a federal election were held today.

Respondents most likely to say they would vote for CAQ include those aged 45 to 54 (55%) and 55 to 64 (57%), males (51%), those making \$100,000 to \$250,000 (55%), the most wealthy (58%), and those living in Quebec City (54%).

Majority Approve of Francois Legault

6-in-10 (61%) approve of the job Francois Legault is doing as premier. Respondents most likely to say they approve of the job he is doing include those aged 65 and older (76%) and males (66%).

A quarter (25%) disapprove of the job he is doing as premier. Respondents most likely to say they disapprove include those aged 18 to 34 (35%), and those living in Montreal (29%) or Quebec City (28%).

But are Unsure of Pierre Arcand

Half of respondents (49%) don't know of the job Pierre Arcand is doing as Leader of the Opposition. Respondents most likely to say they don't know include those aged 18 to 34 (60%), 35 to 44 (54%), and females (58%).

A third of respondents (33%) disapprove of the job Pierre Arcand is doing as Leader of the Opposition. Respondents most likely to say they disapprove include those aged 44 to 54 (34%), 55 to 64 (42%), and 65 or older (39%), males (41%), and the most wealthy (57%).

“The majority of Quebecers approve of the job Francois Legault is doing as premier,” said Dr. Lorne Bozinoff, President of Forum Research. “It'll be tough for Pierre Arcand to gain traction when half of Quebecers aren't aware of the job he's doing now.”

Methodology

The Forum Poll™ was conducted by Forum Research with the results based on an interactive voice response telephone survey of 1471 randomly selected Canadians within Quebec. The poll was conducted from June 11-June 12, 2019.

Results based on the total sample are considered accurate +/- 3%, 19 times out of 20, measured as the average deviation across all response categories. Subsample results will be less accurate. Margins of error for subsample (such as age, gender) results are available at www.forumresearch.com/samplestim.asp

Where appropriate, the data has been statistically weighted by age, region, and other variables to ensure that the sample reflects the actual population according to the latest Census data.

This research is not necessarily predictive of future outcomes, but rather, captures opinion at one point in time. Forum Research conducted this poll as a public service and to demonstrate our survey research capabilities. Forum houses its poll results in the Data Library of the Department of Political Science at the University of Toronto.

With offices across Canada and around the world, 100% Canadian-owned Forum Research is one of the country's leading survey research firms. This Forum Poll™ and other polls may be found at Forum's poll archive at forumpoll.com.
