## Quebec's plurality support assisted dying for Alzheimer's

Toronto, June 14<sup>th</sup> – In a random sampling of public opinion taken by The Forum Poll™ among 1471 Quebec voters, the majority (70%) completely support expanding assisted dying for people with conditions like Alzheimer's disease. One-fifth (18%) somewhat support, a few (6%) do not really support, and another few (5%) do not support at all.

Respondents who completely support expanding assisted dying for people with Alzheimer's include those aged 18-34 (73%) and 35-44 (76%), those earning \$250k+ (89%), those living in Quebec City (82%), and those voting for the QS (78%).

Respondents who somewhat support expanding assisted dying for people with Alzheimer's include those aged 45 and above (18% of those 45-54, 19% of those 55-64, and 21% of those 65+), males (19%), those earning \$20k-\$40k (23%), those voting for the Liberals (21%) and other parties (24%).

Respondents who do not really support include those aged 65+ (10%), those earning \$20k-\$40k (13%), those voting for the Liberals (11%), and the undecided (11%).

“There is profound support for this measure regardless of respondents' different socio-demographic standings” said Dr. Lorne Bozinoff, President of Forum Research. “However, the younger and the wealthier support the measure in even more resounding numbers.”

## **Methodology**

The Forum Poll™ was conducted by Forum Research with the results based on an interactive voice response telephone survey of 1471 randomly selected Quebec Voters. The poll was June 11<sup>th</sup>-June 12<sup>th</sup>, 2019.

Results based on the total sample are considered accurate +/- 3%, 19 times out of 20. Subsample results will be less accurate. Margins of error for subsample (such as age, gender) results are available at [www.forumresearch.com/samplestim.asp](http://www.forumresearch.com/samplestim.asp)

Where appropriate, the data has been statistically weighted by age, region, and other variables to ensure that the sample reflects the actual population according to the latest Census data.

This research is not necessarily predictive of future outcomes, but rather, captures opinion at one point in time. Actual results depend on a Candidate's ability to get their voters out. Forum Research conducted this poll as a public service and to demonstrate our survey research capabilities. Forum houses its poll results in the Data Library of the Department of Political Science at the University of Toronto.

With offices across Canada and around the world, 100% Canadian-owned Forum Research is one of the country's leading survey research firms. This Forum Poll™ and other polls may be found at Forum's poll archive at [forumpoll.com](http://forumpoll.com).
